BORGER HIGH

WORDS BY RICHARD WALKER

ARRANGED BY F W CARPENTER

BOR - GER HIGH, BOR - GER HIGH, We Will stand by you to-
day; We will keep your mem - ries glor - i - ous with a
song in our hearts al - way, BOR - GER HIGH, We love
you with a spir - it strong and true; and if we
win or lose life's bat-tle we will feel the same. BOR-GER HIGH, We love you true.

A yearbook is many things. It's more than merely a book, it's a record, a history, and a memory of Borger High. A yearbook holds within its pages a part of each student that passes through its portals. It has a true meaning only to those who are a part of it. It is the sincere wish of the Borgan Staff that it may be of deep and lasting meaning to you.

The Staff

Edited and published by Students of Borger Senior High School, Borger, Texas.

FOREWORD

From a small unattractive "crevice" opening into a cave to a splendid highly edified archway opening into a cathedral, the door has held a place of necessity and prominence, as well as of beauty in man's history. It would be useless to build a room and not leave a doorway. The value of the common door to mankind could fill a book; but the door, important as it may be, is utterly useless without people to enter and exit through it.

From the time the doors of Borger High were first opened years ago thousands of people have walked through them. Even though now some of these people are thousands of miles away they have left a part of themselves here within the walls of Borger High. Not one of them entered these doors and left without adding to their knowledge. Their moments spent here have been invaluable to them. Considering these things we proudly dedicate the 1963 Borgan to all the people who have entered, who are entering, and who will enter the doors of Borger High.

STEERING COMMITTEES

The Steering Committee acts as a link between the class officers and class members. Each advisory elects a representative to serve as its Steering Committee member. This person goes to all class meetings and conveys the ideas of the advisory at these meetings. The representative holds voting power for his advisory. The members of the Steering Committee make reports to their advisory of all things which are voted on in the class meetings. Each class has its own class officers, Steering Committee, and class meetings.

OFFICERS OF THE STUDENT COUNCIL

Student Council officers are elected by the student body. Candidates must meet high standards of character, citizenship, and scholarship. They must maintain a "B" average or above during their term of office.

Officers should be concerned with the general welfare of the entire school. They act as a liaison group between students and faculty, encourage high standards of conduct in the student body, keep records of all money collected and spent by the Council, uphold school rules, give all students a voice in the activities of the group, and sponsor projects of constructive value.

STUDENT COUNCIL

The primary purpose of the Student Council is to give active experience in the techniques of democratic processes. Representatives are chosen by the homerooms to report on the activities of the council and stimulate interest in planning projects. The council provides a forum for the expression of student opinion, a training ground for both leaders and followers, and opportunity for intelligent participation in school affairs, and a real-life situation whereby students learn to be good citizens. The Student Council also promotes an atmosphere of understanding and appreciation between students and faculty.

The Student Council has many worthwhile projects. Here Carolyn Helton and Royce Barron pack the books which have been collected for the Golden Acres H H Boy's Ranch.

BOY-GIRL STATE

Many people think of Boy-Girl State as a camplike, playtime. This idea is wrong. It is a course in government. At Boy-Girl State, boys and girls learn to value the American way of life and its principles. One learns by doing. Boy-Girl State is the imaginary 51st state of the Union and it functions as a real state. Boys and girls come to Austin from all over the state of Texas. These boys and girls work hard learning how to become leaders; however, all is not work. Recreation is provided in which everyone participates. At Boy-Girl State, one realizes that it's in style to love his country and to care about its procedures.

The purpose of Texas Association of Library Assistants has been to arouse and to encourage interest in librarianship as a profession; to give student library assistants opportunities for recognition and participation comparable to those given to students participation in other major school activities; to provide for interchange of experiences and ideas; to gain knowledge about the different kinds of library work connected with library service.

The membership of the club includes all student library assistants. Their activities include local club with officers and club activities such as socials, promotion of purposes, participation in district work and state work. T.A.L.A. encourages students to run for offices on both district and state levels and to take part whenever asked on any program to gain public speaking and leadership experience. Club members have library lessons that help to determine the outstanding students.

PHYSICAL EDUCATION
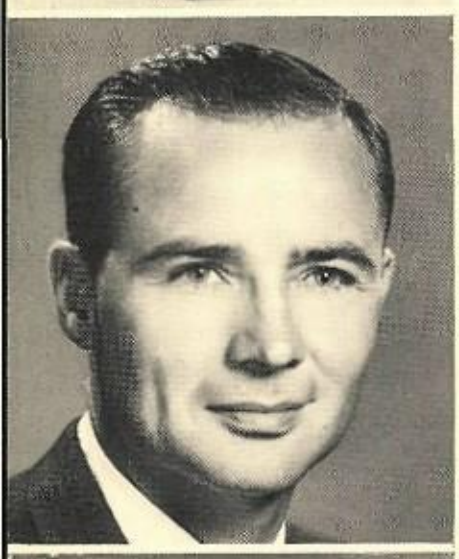
FINE ARTS



"All the arts are brothers; each one is a light to the others." This statement by Voltaire holds a great depth of truth not only in the arts but in all areas of education. Fine arts as distinguished from the useful, mechanical or industrial arts are those which have to do with the production of the beautiful, of that which appeals to the taste and imagination. When any person has developed his sensations and emotions to the aesthetics of fine art then he no longer lives in a dark, ugly and lonely world. To appreciate and enjoy or to like or dislike the arts is a personal privilege you can either share or hold deep within yourself. Thus we include art, music, the study of poetry, and a storehouse known as a library for fine arts in a school curriculum.

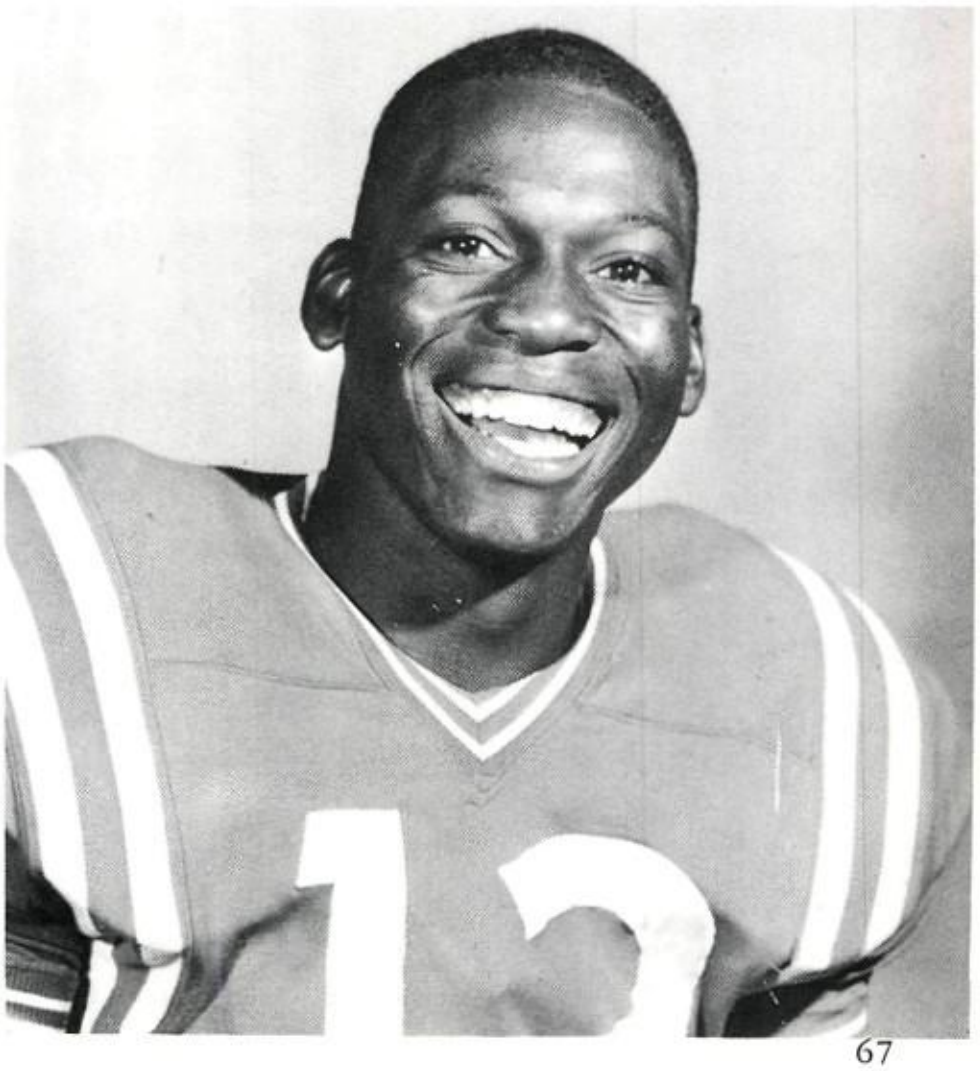
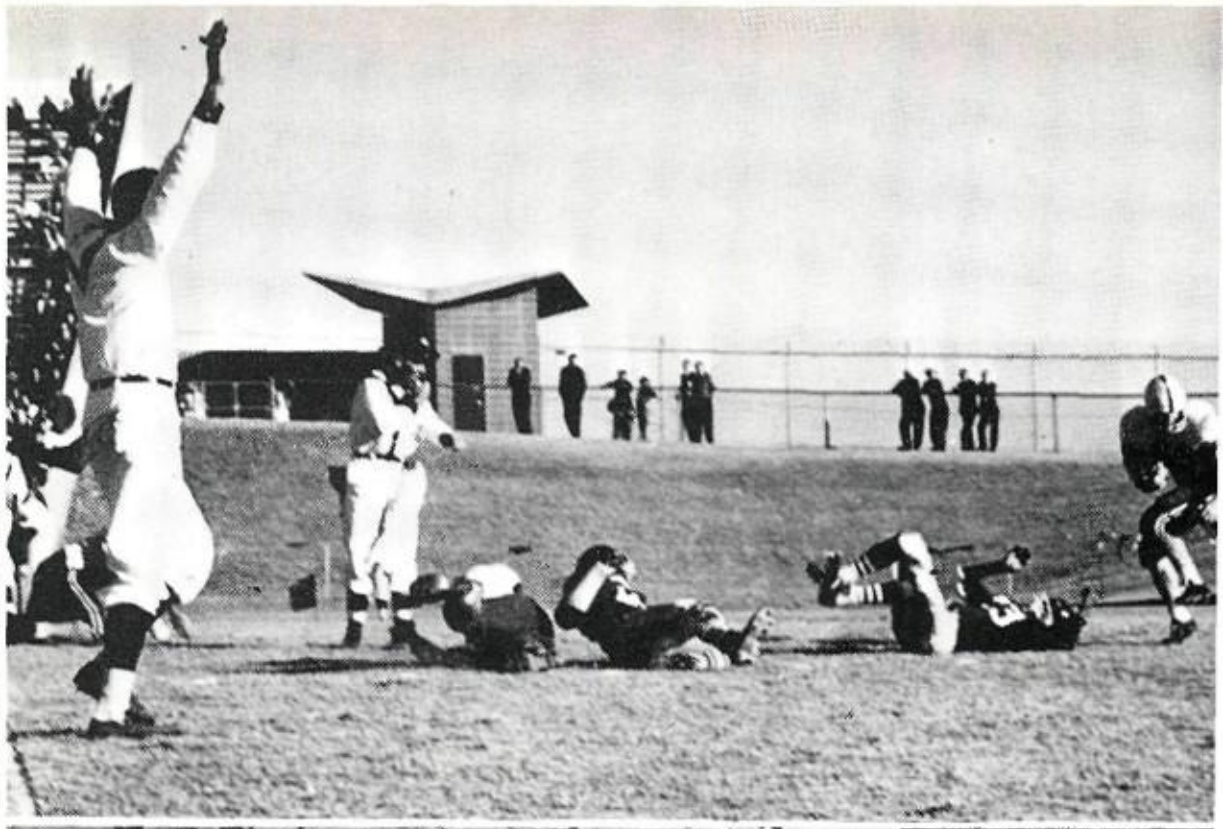
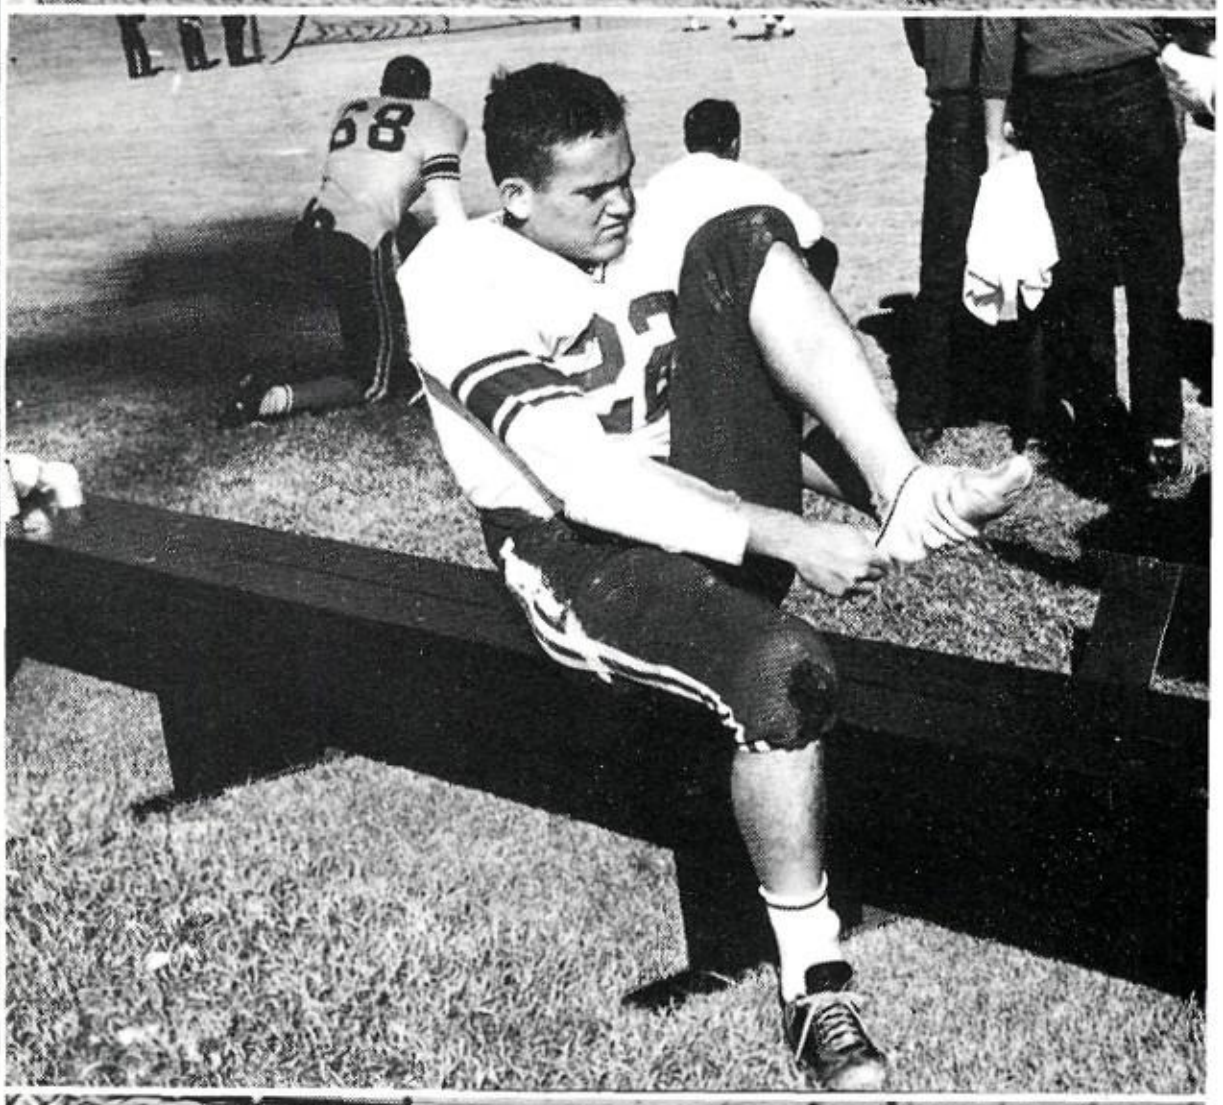
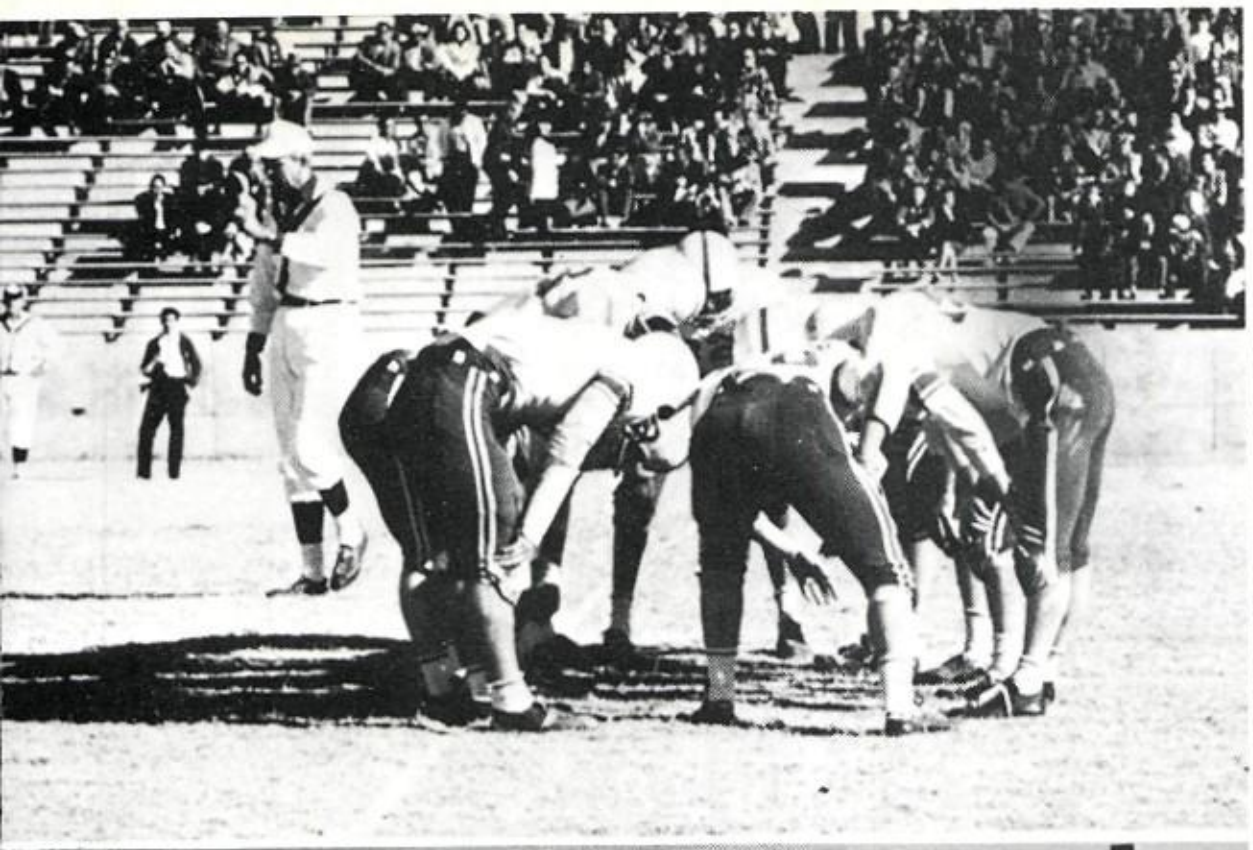
MR. TOUCHDOWN B. H. S.

A. C. TILLMON









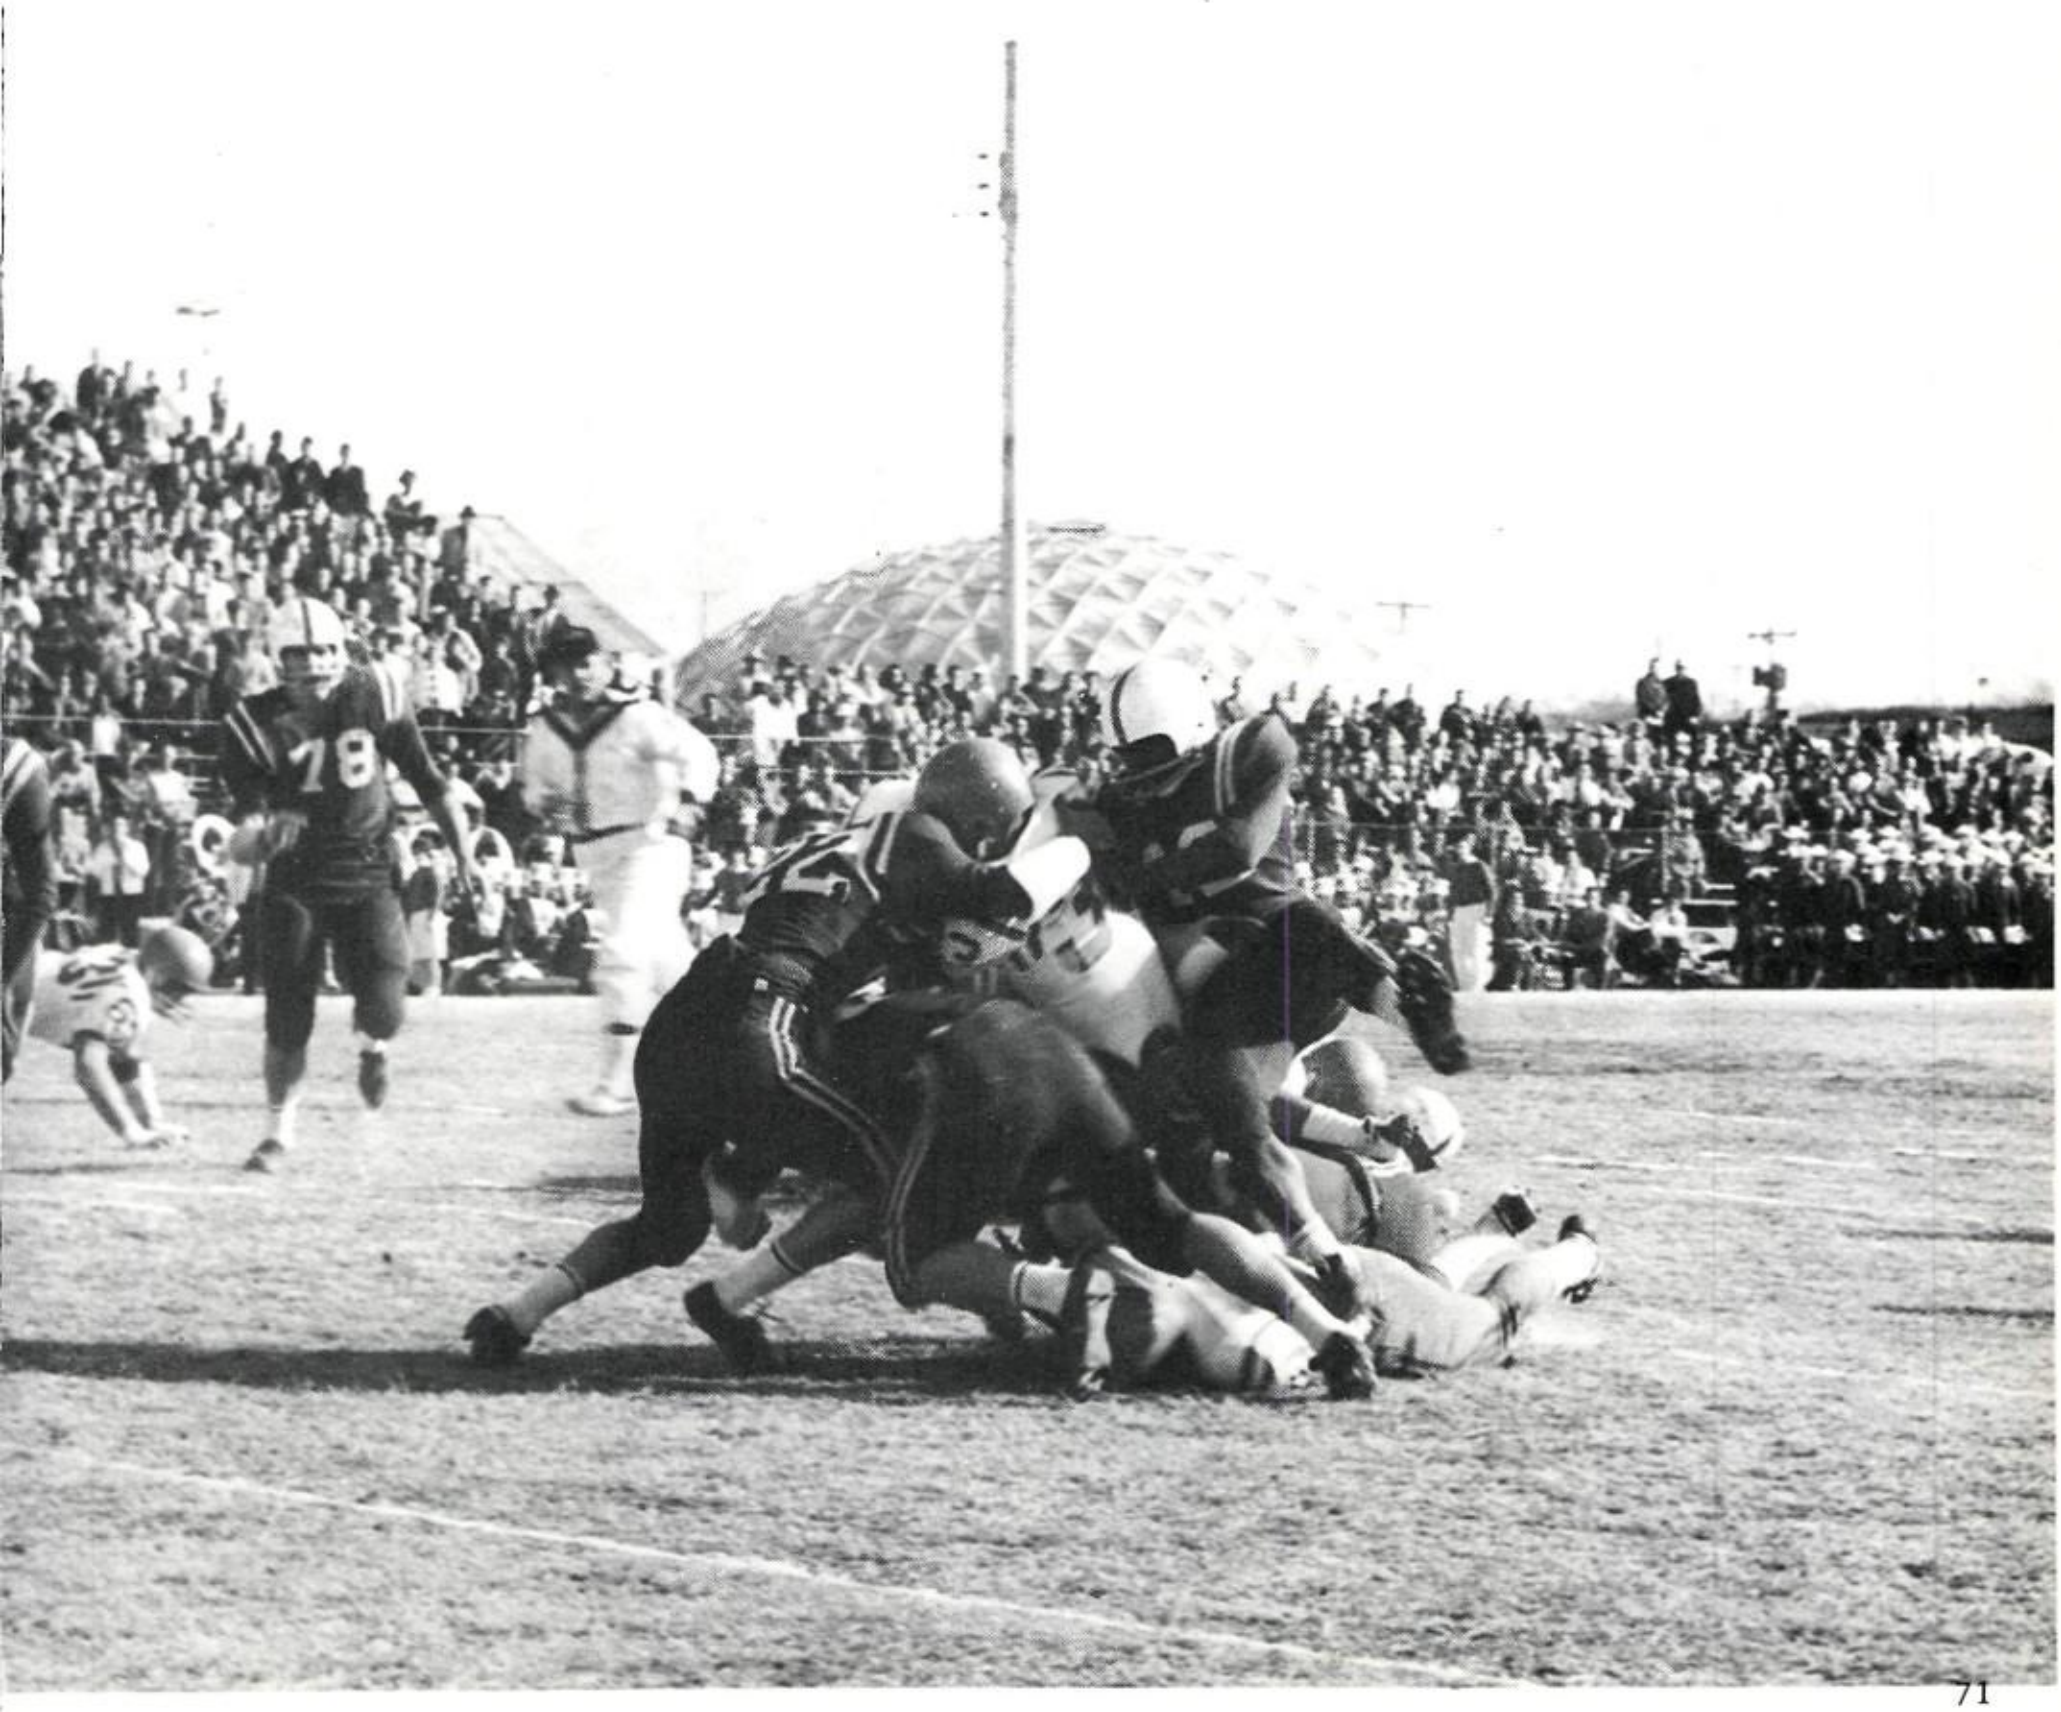
THE BORGER string was snapped on December 22 in Abilene in the State Final ball game as the Brackenridge Eagles from San Antonio displayed a tremendous passing attack as they threw for 4 touchdowns. The Bulldogs last half rally fell short as they matched the Eagles in touchdowns but failed to convert extra points and went down 30-26. It should be pointed out that several boys were unable to play in this game. Jerry Wilson, Dean Alexander, Donnie Wilcox, Fred Linton, A. C. Tillmon either did not play at all or were able to play only shortly. Coach Mayfield

SEMI - FINALS

In the semi-final ball game again played in Denton and this time against Lufkin the Bulldogs had very little trouble with the east Texas power as the second and third teams played the last part of the ball game. The final score was 28-0. Coach Mayfield

QUARTER FINALS

On December 8, before a sell-out crowd in Bulldog Stadium, the Bulldogs played a rematch with the team that had given them so much trouble in the season opener. In perhaps one of their best efforts of the year the Bulldogs used up 9 and one-half minutes in the fourth quarter as they drove for an 80 yard touchdown to add insurance to their slim 14-13 lead and emerged with their second win over San Angelo 21-13.



BI DISTRICT

THE BULLDOGS advanced into State play-offs for the fourth time in 5 years by meeting the undefeated Irving Tigers in Denton. The Bulldogs intercepted 6 passes and completely dominated the game as they won 27-7. The Bulldogs were now without the services of Jerry Wilson, Dean Alexander and Donnie Wilcox who had been injured.

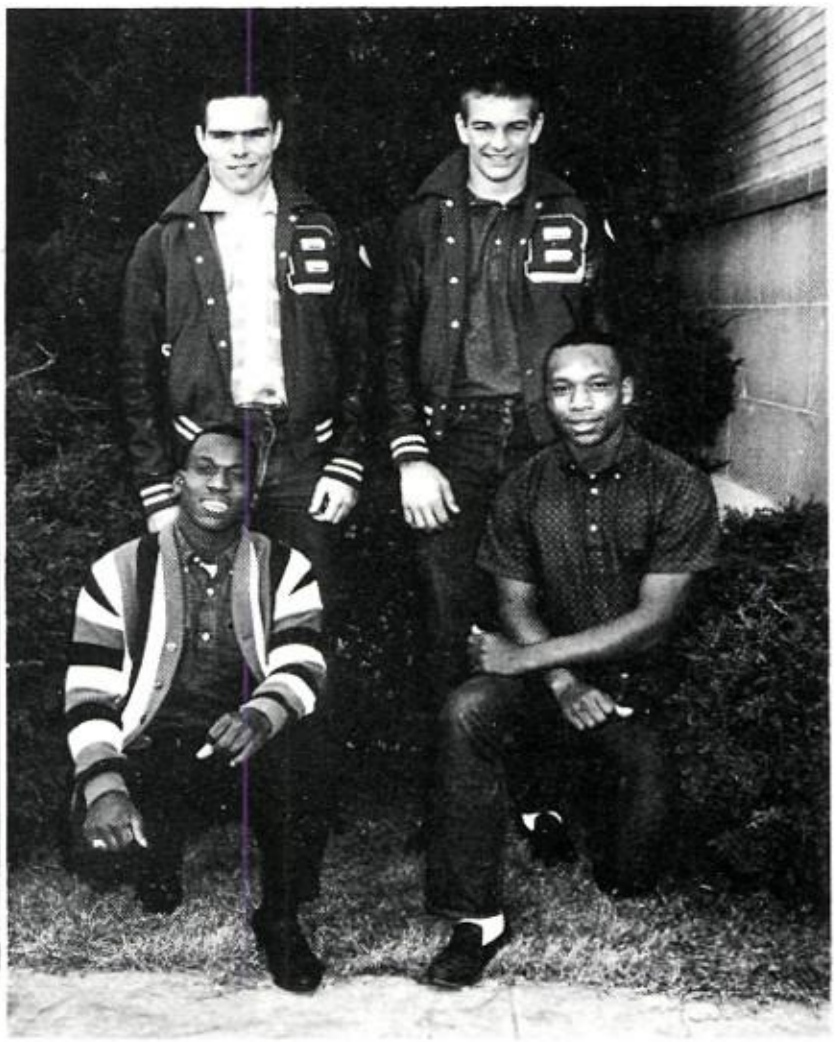
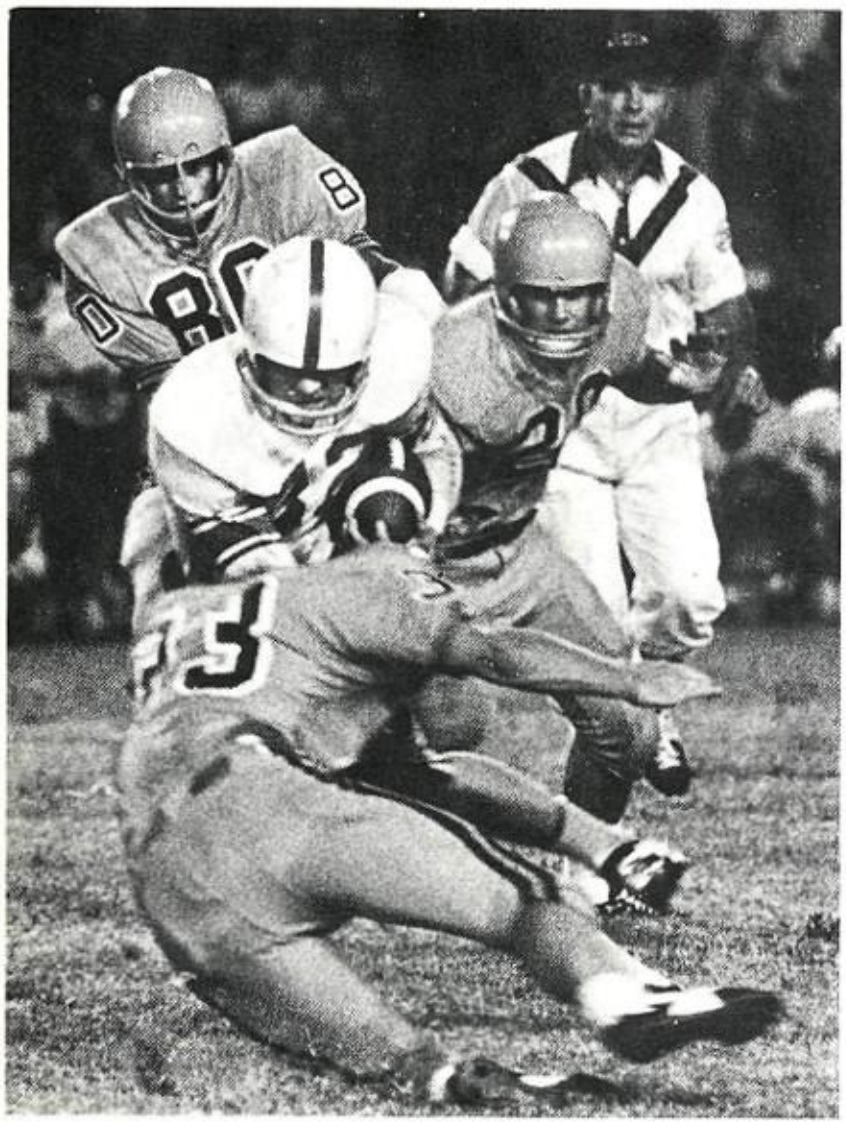
HONORABLE MENTIONINGS

B. Gaiser, B. McKinney, A. C. Tillmon, J. Coffer.





THE 1962 version of the Borger Football team opened the season with a new opponent and played before a fine crowd of approximately 11, 000 fans in San Angelo. The first half was an offensive battle with both teams moving the ball all over the field and San Angelo enjoyed a 13-12 lead at halftime. In the last half Borger's defense limited San Angelo to one first down while the offense enjoyed a great deal of success, however the winning touchdown was not scored until the last 39 seconds of the game on a pass from Dean Alexander to Neil Beardon. This was to be the first of 13 straight. Final score 18-13.

ON Friday, October 5, Borger opened the district schedule against the Dons of Palo Duro and maintained their 5 year mastery of the Amarillo School. After a 28 yard run by Jerry Wilson early in the ball game the outcome was never in doubt as the Borger defense allowed very little movement of the Palo Duro offense while adding 2 touchdowns to the earlier on to come out with a 20-0 win.

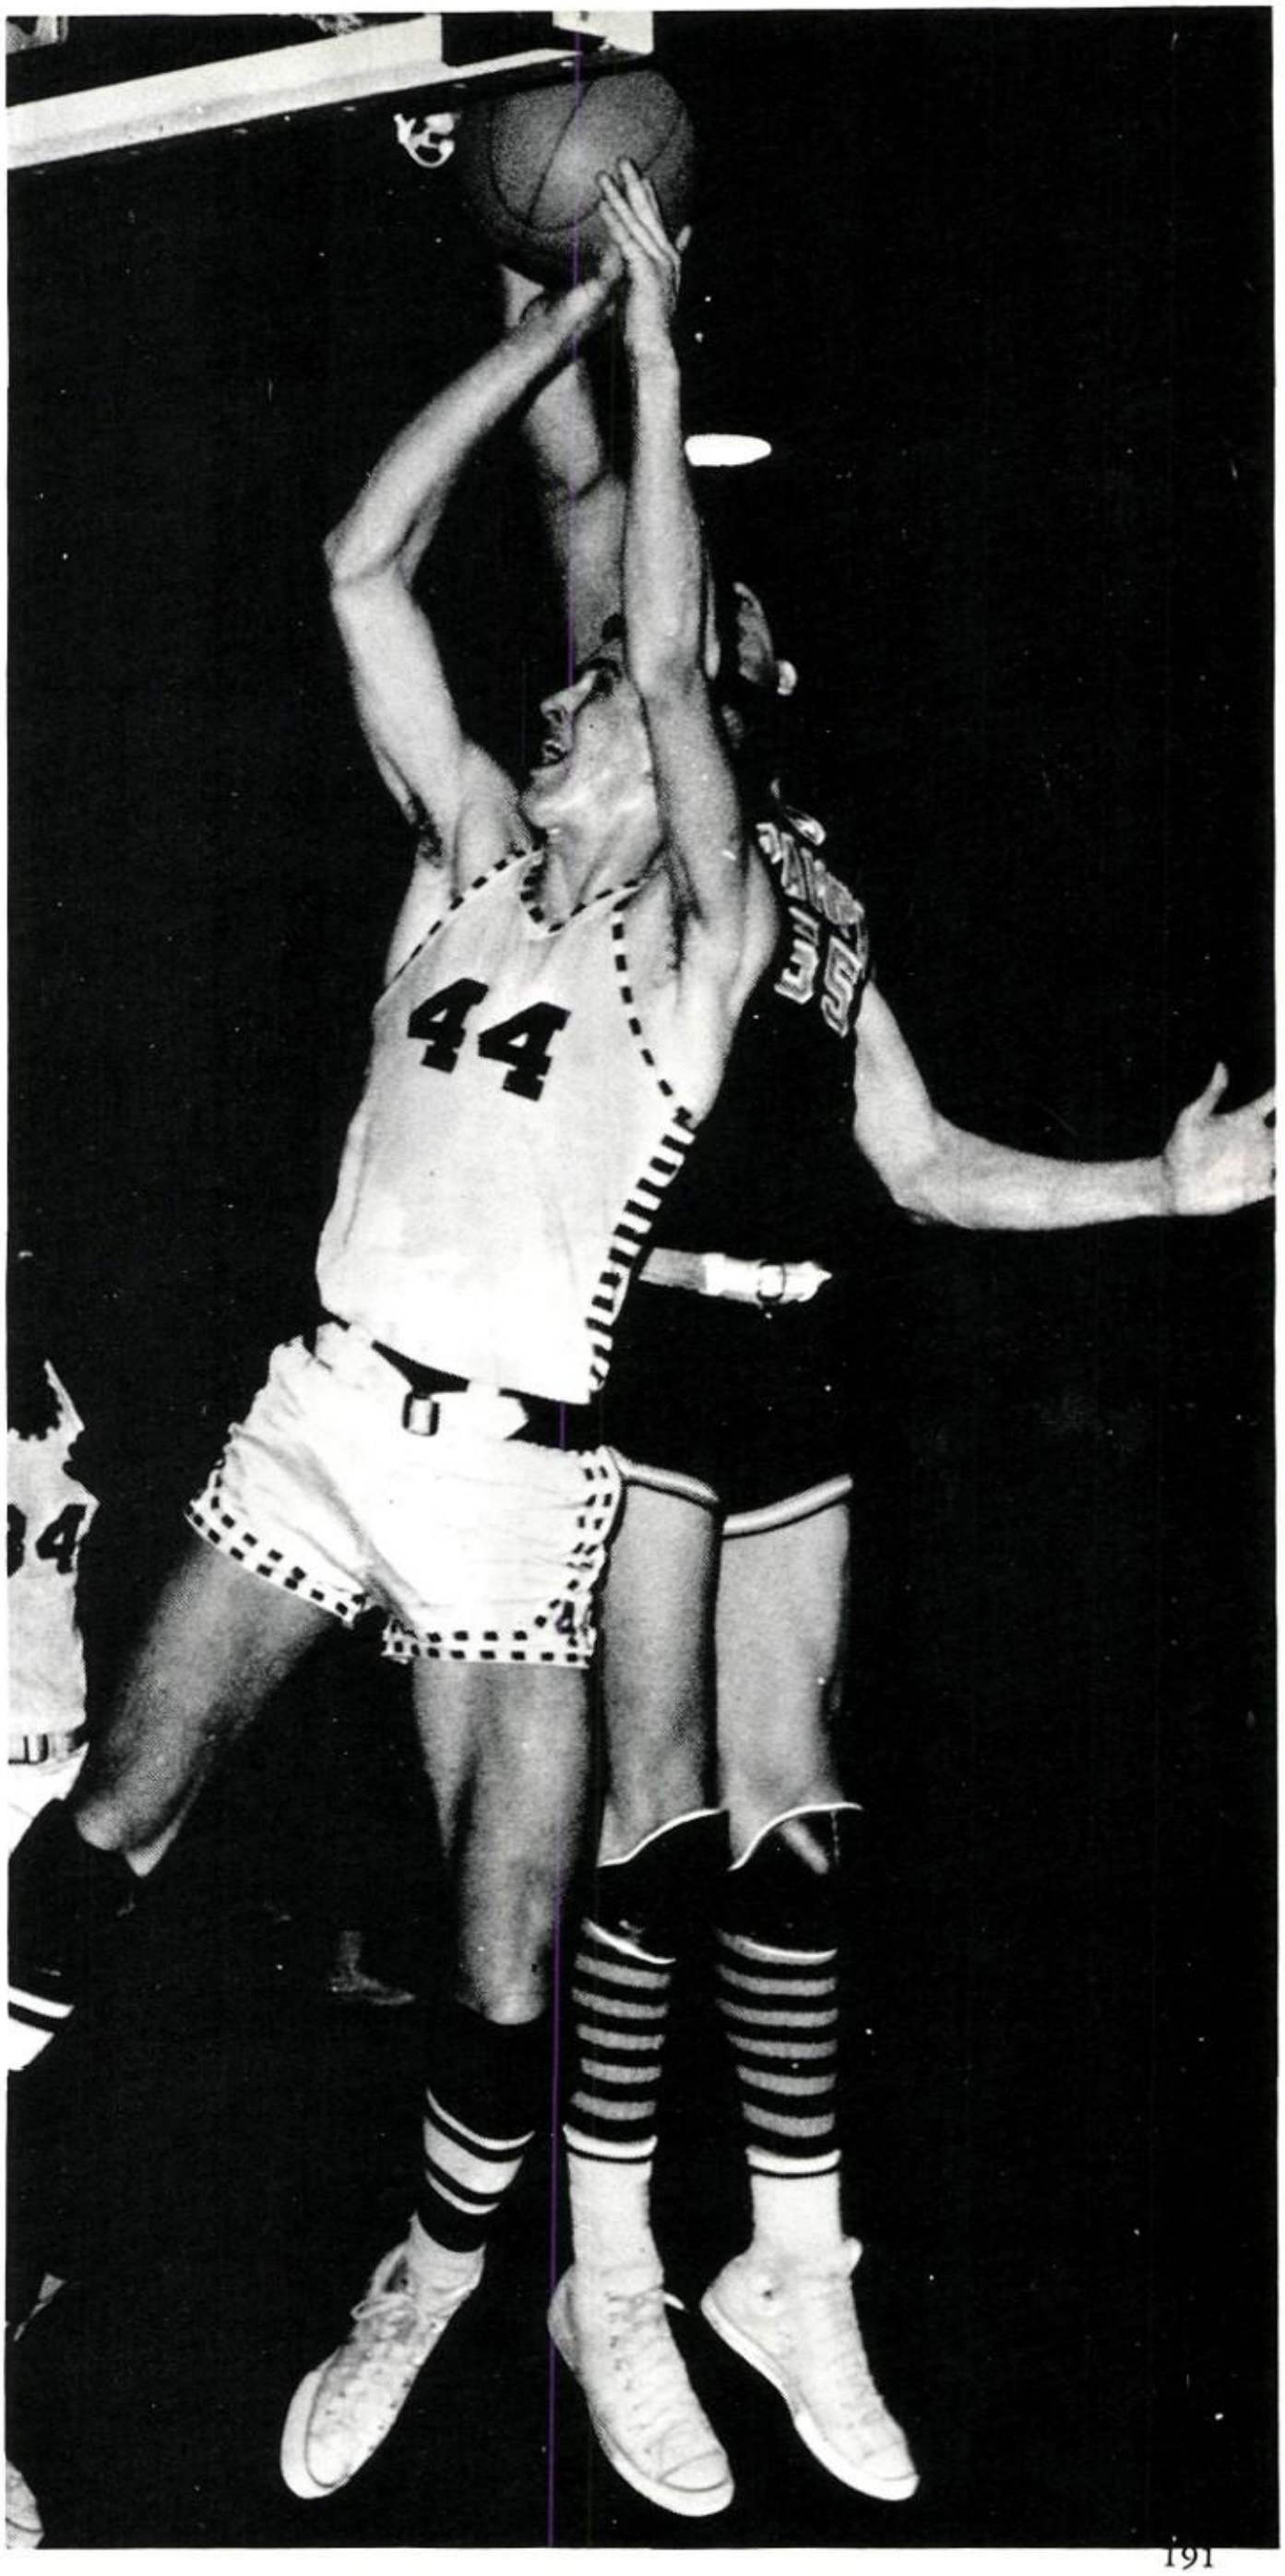
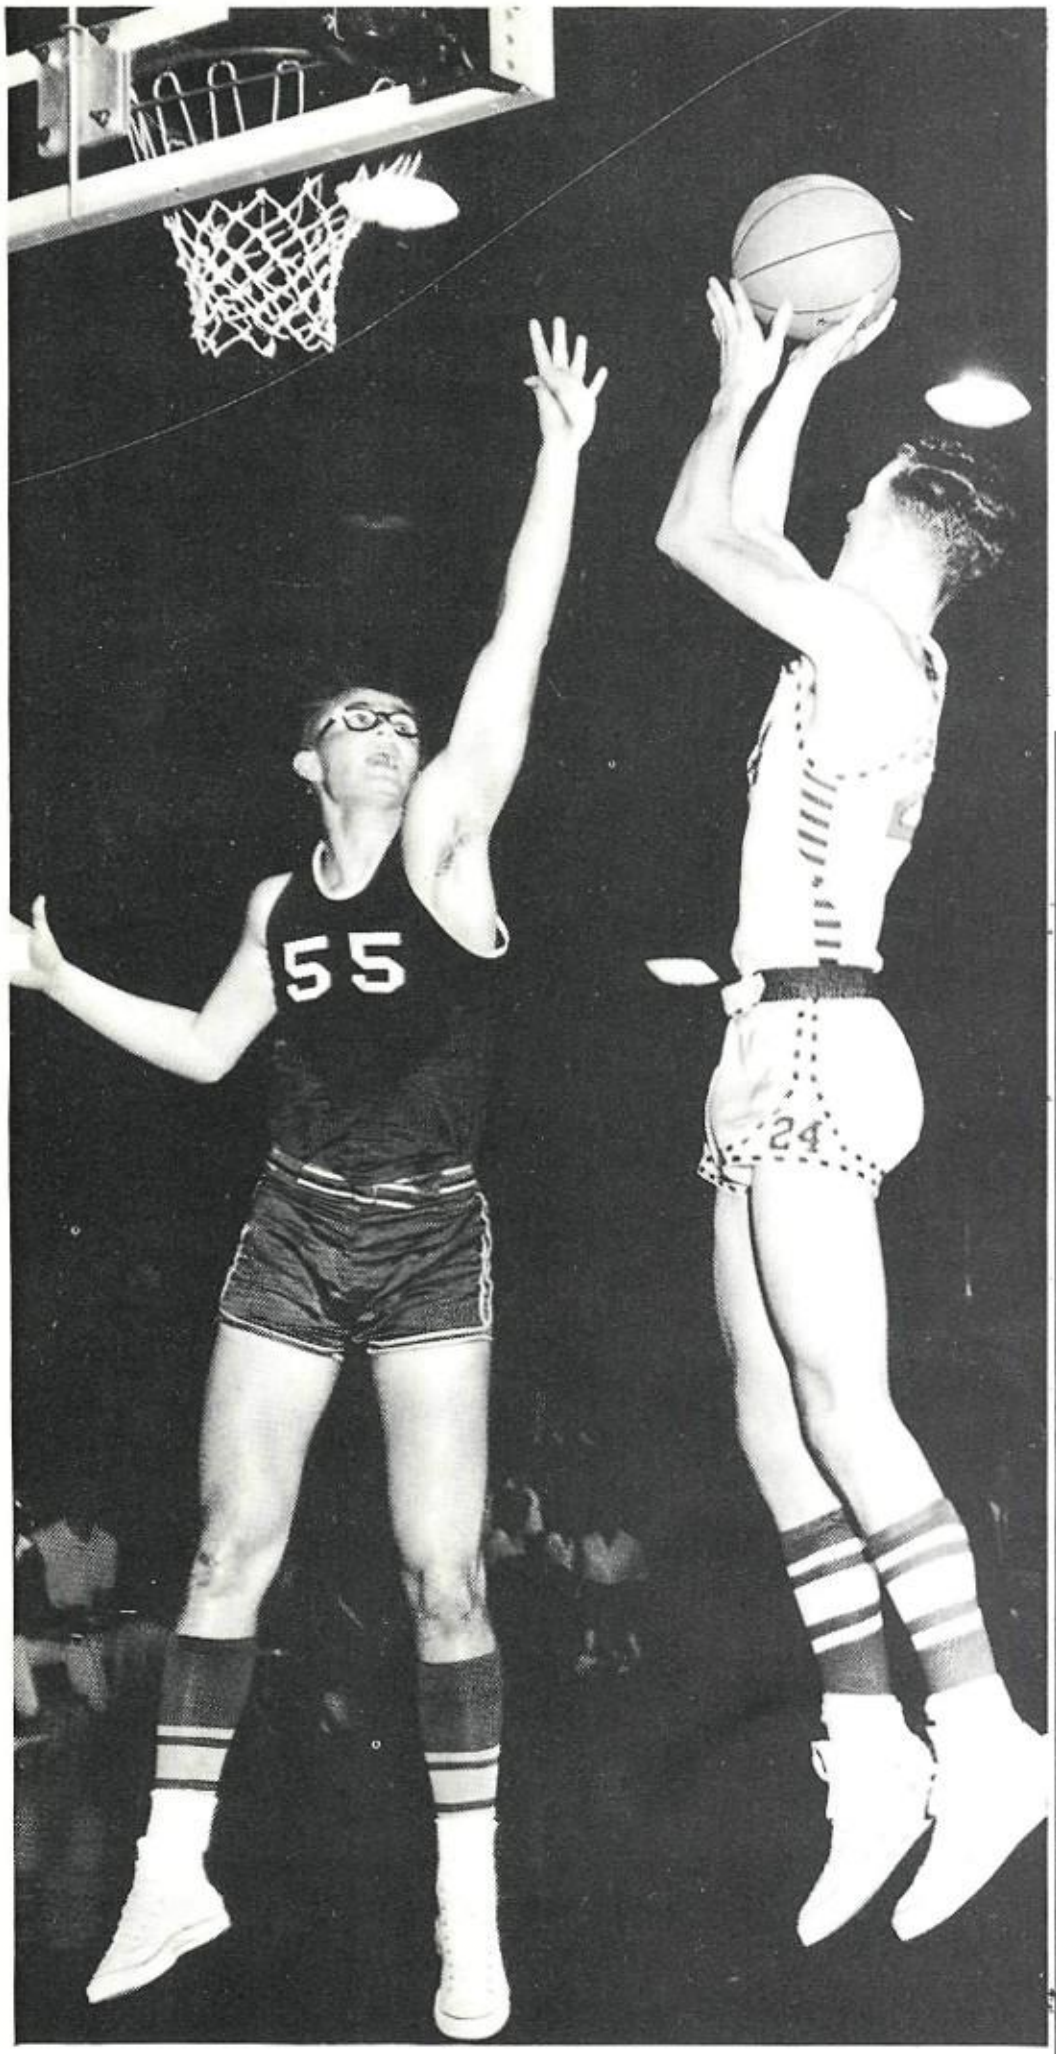
The Borger Bulldogs playing their traditionally fine brand of basketball led the Pampa Harvesters by a seven point lead at half-time, but the state-board Harvesters sweep the game away in the last half by a score of 59, 51.

The second time the two cross-country rivals met Borger again tasted defeat at the hands of the undeafted Harvesters. Joe Robinson and Roland Franklin contributed greatly to the skillful playing of the Bulldogs keeping the final score down to 45, 58.





Borger on the road gave high-ranked Montery, one of its few defeats with a final score of 48, 39. The Big Red lead throughout the game with little trouble. Paymond Burns and Robert Tillman helped the Bulldog cause with fine shots and magnificent board work.

Borger wanting to close out the season on a victory note did just that by defeating the Palo Duro Dons 81, 44. Borger displayed its greatest skill by running off with the game from the first toss-up to the final gun.

HELEN is used to having her own way, but things changed drastically when Miss Sullivan arrived.

A UNITED team consisting of the cast and stage crew is responsible for the presentation of a successful play.

MARTHA and Percy are playing with paper dolls when they are inquisitively interrupted by Helen.

THE production of the Senior Play, "The Miracle Worker," was perhaps the most difficult ever undertaken by a group of high school students. Mrs. Cory, who directed the play, added the vital "punch" to make the play a success. It was very well received by the student body. They expressed their appreciation with a standing ovation. The night performance had equal success and the Senior Class netted more money from the play than any Senior Class had for many years.

LEAVING her friends at the school for the blind is hard for Miss Sullivan.

HE MIRACLE happens and Helen makes her first communiation with Miss Sullivan.

Dear Mrs Coy,

I have enjoyed being in your classes these years. I regret not getting to stay in your class the second semester. I really enjoyed working with you in the senior play although the eggs weren't any good. I will always remember you as my favorite teacher. If you ever need a prop girl again just let me know. I will surely miss you next year, maybe you will get to Frank Phillips, because you always seem to follow me around. HA. Well, I hope that I will get to see you this summer, so don't forget me.

Love always
Sharon Chambless

Hi Mother,

I couldn't begin to tell you how much you mean to Carl and I. Without your touch, this year, our trips everything would not have been the same without you.

You are like our mother in the sense that you were always there to listen to our problems. Never have you said or done anything wrong in my eyes.

As a person you have every gift there is. How could happiness help but find you.

Whether you know it or not your happiness is important to me. I really don't know what I would do if anything ever happened to you.

Please remember mother,
I love you
your
daughter
Jeannette

Dear Mrs. Long,

I can sincerely say that I have enjoyed being in your Speech class this year. We have had our little spats before, but never really anything serious. You're a wonderful Speech teacher and a fabulous director. I have truly learned a lot about acting, even though I didn't do too much of it and, even though I didn't do so hot on my test. You're a wonderful person who's always willing to help someone who is willing to help himself. I sincerely think a lot of you as a teacher and even more so as a person. I hope we can always remain friends. I wish you all the happiness the world has to offer throughout your life.

A friend always,

Jerry Hankins
